Dear Ms. Green and Mr. Friedman:

On August 24, 2005, we mailed a continuation application with credit card payment in regards to the above application. Over the weekend, due to a fraudulent activity, the credit card had to be suspended – this means that the payment for said continuation application will not go through. I would like to provide new credit card information as soon as possible. Please advise how I can do that. Thank you in advance for your assistance.

Very truly yours,

  
Vladimir Khiterer
